What makes you stand out from the crowd?

How do we get started?

One step at a time...

Academics:

- Set realistic goals.
- Get a strong hold on subjects like DBMS, Data Structures, and OS.
- Get your basics clear.
- Practice regularly.
- Be consistent.

$$\begin{aligned}(1.00)^{365} &= 1.00 \\ (1.01)^{365} &= 37.7\end{aligned}$$

Technical Skills/Domains:

Tip: Get a taste of every domain and choose one that excites you.

Where can I express myself?

Participate in online coding competitions, hackathons, events, fests, etc.

Coding Platforms:

Hackathons:

Public Profile

Your public profile is your identity.

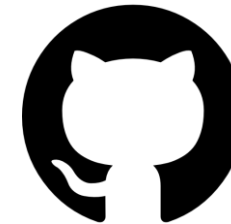

LinkedIn:

- This is your digital résumé.
- Share your achievements and certifications.
- Connect and network with people that can help you grow.
- Let the world know about your skills.

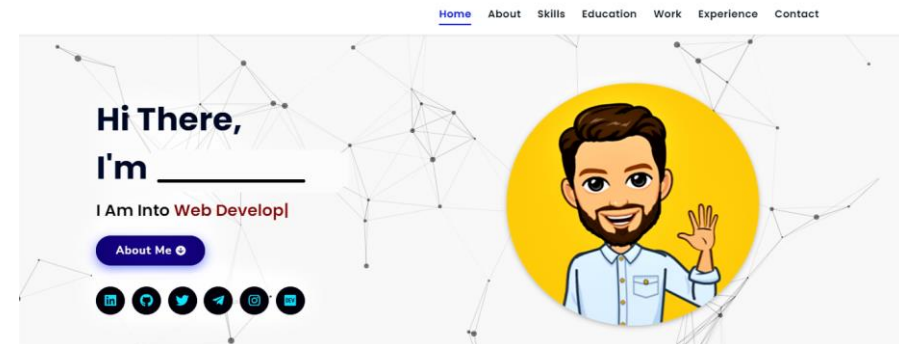

GitHub:

- A-must for any software developer.
- Create repositories and showcase your works through projects.
- Example: www.github.com/NSTiwari

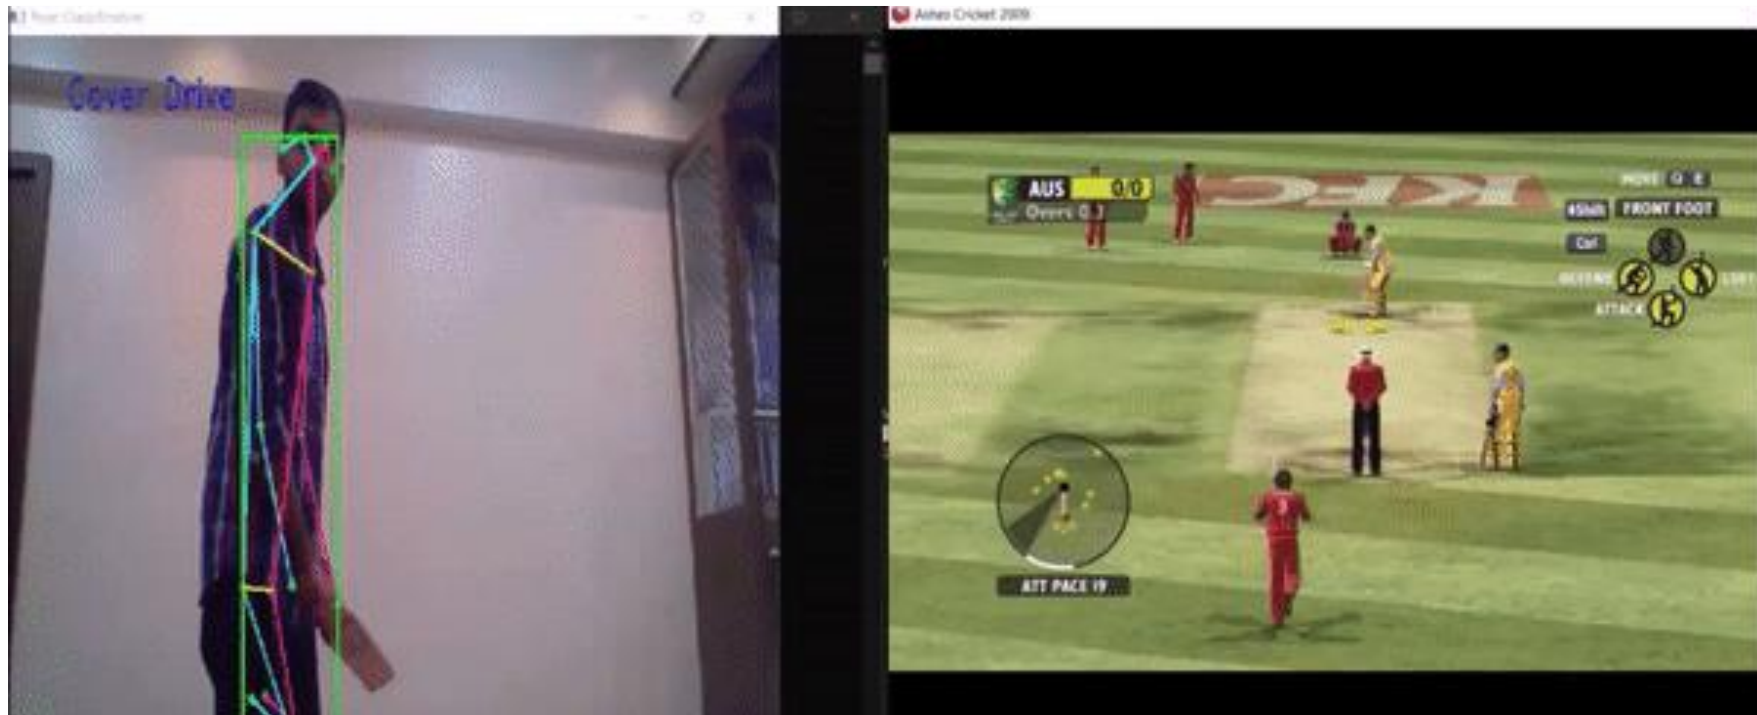

Portfolio website:

A portfolio website is a great way to express yourself in a personalized form.

Video Game Control using Pose Classification – Ashes Cricket 2009

Real-time Object Detection – GTA: Vice City

Hands-on XP

Internships:

- Internships provide invaluable experience.
- Try to do 1-2 internships.
- An opportunity to work on real-world problems with industry experts.
- Help you hone your communication and problem-solving skills.

Possible sources for an internship opportunity:

Software Engineer,
Larsen & Toubro Infotech, Mumbai.

Respected Sir,

We would like to take this opportunity to convey our heartfelt thanks to you for delivering a Lecture on **"Shifting Gears"** on 7th October 2022.

We really appreciate your enthusiastic involvement and the time you spent for the programme. It would not have been a successful event without your presence.

We expect the same cooperation from you in the future.

Thanking you,

Yours truly,

Ms. Dhanashree Hadsul
Subject Coordinator

Dr. Vaishali Bodade
